

# Smart 911

Smart 911 enables you to link all of your family's cell numbers and home number together, and add other pertinent information for first responders to save precious seconds in an emergency.

This is not a replacement for traditional 9-1-1 service, it is an enhancement. It is always free to the users, the cost is paid for by your police department as an additional service we provide.

Below is what a Smart 911 screen looks like when called into 9-1-1

The screenshot displays the Smart 911 interface. At the top, there are navigation options: Copy Profile, Copy Ticket, Copy Link, and About. The status bar shows a phone number (847 768-...), a secondary number (04302018-311235-11), and a timestamp (4/30/2018 16:45:12). The RAVE logo is visible in the top right corner.

The main interface is divided into two panels. The left panel shows the user's profile with tabs for All, People, Addresses, Vehicles, and Other. Under the 'People' tab, there are medical alerts: 'Michael: Potentially Lethal Allergy' and 'Penny: Cognitive Issue'. Below these are lists for People, Addresses, Vehicles, and Other Information.

People			
Michael C Brower	M	36	[Icons]
Sharon R Brower	F	39	[Icons]
Penny F Brower	F	6	[Icons]
George H Brower	M	79	[Icons]

Addresses		
9511 Harrison Street - Maine Township IL - 60016	House - Single Family	[Dropdown]
1420 Miner Street - Maine Township IL - 60016	Office / Commercial	[Dropdown]

Vehicles		
2011	Nissan	Rogue

The right panel shows the 'Facility Profile' section with a search bar and a message: 'No campus has been identified. Please search for a campus, building or address.'

You can see this caller added life-threatening medical information to their profile.
